

Operation 36 is a long-term family coaching program designed to progress golfers towards shooting par or better for 9 holes. Golfers of all ages and abilities can join a local training community and begin progressing through the six levels of development. Each golfer will be issued a profile in the Operation 36 App where they can view objectives, log golf actions, track progress, and connect with friends in the social activity feed. Programs are led by trained golf professionals who utilize the Op 36 Framework to provide the best environment to help you improve your game and achieve your goals.
