Important Details

The Competitive Player Program is designed for golfers age 12 and up, however case by case exceptions can be made for younger players who are beginning to outgrow the GVC Junior Academy.

Research has shown that Juniors succeed when they have a friend or family member pushing them to improve. As a result, the program is designed for two juniors to pair up for their lessons together. Find a friend (non-members welcome) or sibling that you'd like to improve with. A 1:1 Student Teacher package is available for those juniors who would like to take their lessons privately.
