

Call for assistance: Photography shoot / filming at Stellenbosch Golf Club

Who we are

MATTA is a creative agency specialising in sports, health & wellbeing. We are working with The R&A, the organisation responsible for overseeing the development of the sport internationally - and together, we are looking for people to get involved in a project to help grow the game.

What are we looking for?

In early March (3rd, 4th or 5th) we will be shooting a series of short videos and images at the Stellenbosch Golf Club to showcase the wonderful power golf has to deepen friendships and build personal connections.

Golf is unique in sport in that it provides an opportunity for people to spend hours in each others company, surrounded by nature, away from phones and other distractions, and being able to talk and share the ups and downs of a sporting challenge together.

We are looking for golfers of all levels, ages, genders and ethnicities who feel comfortable playing a bit of golf and interacting with other golfers in front of camera for photography & filming. We aim to capture big hits, miss-hits, glorious putts and bunker mishaps - but nobody will be keeping score and the focus is on the connection built around time spent together on the course.

How to apply

Please fill in the short form on this link as soon as you can and no later than Sunday 23rd February: <https://forms.gle/ASFLjizi5SNoDNKR8>

Once we have a sufficient number of responses we will begin to shortlist applicants into groups and reach out with details of how to be part of the campaign and join us for our filming day. We will likely ask for a photo at this stage so we can get a sense for everyone who might take part.

Your responses are confidential and follow GDPR regulations. We will not share your information with anyone outside of Stellenbosch Golf Club, The R&A and our Production Partner.

Thank you from everyone at MATTA!
